Anderson, Eckstein & Westrick, Inc. Becomes Newest Member of the MTA Keystone Club

DELTA CHARTER TOWNSHIP—Anderson, Eckstein & Westrick, Inc. of Shelby Charter Township has become the newest member of the *Keystone Club* in the Michigan Townships Association Allied Service Provider program. Their \$2,000 investment will be used to improve the overall effectiveness of township government through more productive business practices, better education and enhanced communications.

“Anderson, Eckstein & Westrick has long served Michigan townships,” said **Larry Rutledge**, president of the Michigan Townships Association. “We’re pleased to welcome them into our family of Allied Service Providers.”

Anderson, Eckstein and Westrick, Inc. (AEW) has provided consulting engineering services to townships, municipal governments and private clients throughout Southeast Michigan since 1968. AEW offers a range of professional services that includes civil engineering, surveying, architectural and GIS services, feasibility studies, reports, preparation of design drawings and project specifications, cost estimates, bid assistance, construction observation, and contract administration.

“Our core values of providing solutions for people and the community closely align with that of the Michigan Townships Association,” said Gordon Wilson, PE, vice president of AEW. “As municipal engineering consultants, AEW welcomes the opportunity to share knowledge and experiences through the Allied Service Provider program.”

MTA’s Allied Service Provider program has three levels of participation: President’s Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does *not* constitute or imply MTA’s endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association promotes the interests of 1,242 townships by fostering strong, vibrant communities; advocating legislation to meet 21st century challenges; developing knowledgeable township officials and enthusiastic supporters of township government; and encouraging ethical practices of elected officials who uphold the traditions and unique characteristics of township government and the values of the people of Michigan. For more information about MTA’s Allied Service Provider program, visit www.michigantownships.org.
