

## **Brinks Joins Wade Trim's Transportation Group**

**TAYLOR, MI, FEBRUARY 2, 2010** – Christopher Brinks, PE, joined Wade Trim's Taylor office as a Senior Project Manager in the Transportation Group where he will be responsible for managing construction engineering projects for large transportation facilities throughout Michigan.

Brinks has 25 years of construction engineering experience on road, bridge and airport projects providing contract administration, construction layout, survey and design. As the former Wayne County Department of Public Services Construction Engineer, he has managed a staff of project engineers, project managers and surveyors; reviewed and negotiated project changes and extras; provided pre-design project scoping; designed and reviewed construction plans and specifications; and provided cost accounting and project coordination with local governments as well as the Michigan Department of Transportation. He holds a BS in Civil Engineering from the University of Michigan and is a registered engineer in the state of Michigan.

Wade Trim ([www.wadetrim.com](http://www.wadetrim.com)) has more than 350 professional and support staff in 21 offices throughout Michigan and seven additional states. They provide engineering, planning, surveying, operations, landscape architecture, GIS, and construction services for transportation, water resources, land development and municipal government projects.
