## Township Allied Service Provider Program Welcomes BS&A Software, Inc.

LANSING—**BS&A Software, Inc.**, with offices in Bath, Michigan, has enrolled as a **Michigan Townships Association Allied Service Provider**. As part of the *Leadership Circle*, the \$5,000 investment by BS&A Software, Inc. will be used to improve the overall effectiveness of township government through more productive business practices, better education and enhanced communications.

“We’re delighted that BS&A Software, Inc. is joining forces with MTA as we strive to provide our members with the resources that keep townships strong in Michigan,” said **Arlene Hill**, president of the Michigan Townships Association. “By becoming a Township Allied Service Provider at the Leadership Circle level, BS&A demonstrates their dedication to serving local communities.”

BS&A Software, Inc. specializes in developing program packages specifically for municipal operations, emphasizing customer service and support. The mid-Michigan based company is a long-standing contributor to the Michigan Townships Association, sponsoring educational programs such as the MTA Township Governance Academy and the Annual MTA Educational Conference.

“BS&A Software is thrilled to be part of the Allied Service Provider program,” said **Julie Rice**, assistant business manager at BS&A Software, Inc. “Through our continued partnership with the Michigan Townships Association, we hope to share with its members the tools necessary for operating a successful township.”

MTA’s Allied Service Provider program has three levels of participation: President’s Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does *not* constitute or imply MTA’s endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association is the exclusive legislative and public advocate for Michigan’s 1,242 townships and is the foremost source of quality education and information for Michigan’s elected and appointed township officials.
