

EHAP

ELECTRICAL HAZARD AWARENESS PROGRAM TRAINING

4 LOCATIONS

THURS FEB 4, 2010—LANSING

TUES FEB 16, 2010—MIDLAND

THURS FEB 25, 2010—PLAINWELL

WED MAR 24, 2010—TRAVERSE CITY

HOSTED BY:

Arboriculture Society of Michigan

*Michigan Chapter of the International
Society of Arboriculture*

&

*Traverse City EHAP is Jointly Hosted by
Global ReLeaf of Michigan*

*Sponsored in part with grant funding from
the USDA Forest Service, State and
Private Forestry and the
Michigan DNR Urban Forestry Program*

**REGISTER 7 DAYS IN ADVANCE
TO CONFIRM YOUR SEAT**

Arboriculture Society of Michigan
271 Woodland Pass, Suite 200
P O Box 4856
East Lansing MI 48823-4856

EHAP

8:30 a.m. Registration Opens

8:45 a.m. – 4:00 p.m. Program

FEB 4, 2010

Lansing Community College

West Campus/MTEC

5708 Cornerstone Dr., Lansing, MI

517-383-9300 (LCC)

*(East on Mt Hope Hwy between Creyts Rd
and Snow Rd)*

PRE-REGISTER BY JAN 26, 2010

FEB 16, 2010

GRACE A. DOW MEMORIAL LIBRARY

WEST WING

1710 W St. Andrews, Midland, MI 48640

989-837-3432 (Library)

PRE-REGISTER BY FEB 8, 2010

Feb 25, 2010

Plainwell Area Community Center

798 East Bridge St, Plainwell, MI 49080

269-685-8911 or 269-685-3152 (Center)

PRE-REGISTER BY Feb 18, 2010

MAR 24, 2010

EAST BAY CHARTER TOWNSHIP

1965 N Three Mile Rd

Traverse City, MI 49686

231-947-8647 (Township)

PRE-REGISTER BY MAR 17, 2010

REGISTRATION: *Includes all books
(TCIA EHAP Recognition & Compliance
Manual and ANSI Z133.1 Standards) and
lunch. The books are a \$135 value.*

First Time EHAP Attendee's Fee: \$90
Second Time EHAP Attendee's Fee: \$50
*You must have attended EHAP in the last
12 months.*

CREDITS: *6 ISA CEUs (Available)
CTSP (Pending)*

EHAP

(Electrical Hazards Awareness Program) helps you meet OSHA safety requirements.

EHAP is an employer-certification training program you can implement to qualify your employees as line-clearance tree trimmers. EHAP must be used in combination with documented on-the-job skills training and verification to meet OSHA 1910.269 requirements.

The OSHA 1910.269 safety standard requires:

1. Employer-certified training. **Employers must certify that employees who work 10 feet or closer to energized conductors are trained in the special hazards involved in such work.**

2. On-the-job training and verification. **Employers must verify through documented, on-the-job training and verification that these employees have the skills necessary to perform line-clearance job tasks safely.**

EHAP meets ANSI safety and training requirements

The ANSI Z133.1 safety standard for arboricultural operations requires *all* employees be trained to recognize electrical hazards.

Upon enrollment, each "new" attendee will be provided with:

1. An EHAP training manual with six chapter tests and verification forms
2. A copy of ANSI Z133.1 safety standards

Returning attendees will receive a renewal packet.

EHAP

(ELECTRICAL HAZARDS AWARENESS PROGRAM) TRAINING Pre-Registration Form

Please Type or Print (Name on name badge)

Name: _____
Company: _____
Address: _____
City: _____ State: _____ Zip: _____
Phone: _____
Fax: _____
Email: _____
Special Requirements: _____

LOCATION *Please Check*

- Feb 4, 2010 – Lansing – Register by Jan 26th
- Feb 16, 2010 – Midland – Register by Feb 8th
- Feb 25, 2010 – Plainwell – Register by Feb 18th
- Mar 24, 2010 – Traverse City – Register by Mar 17th

REGISTRATION FEE:

Includes all books, materials and lunch

- First Time EHAP Attendee \$90**
(member & non-member)
- Second Time EHAP Attendee \$50**
(member & non-member). You must have attended EHAP within the last 12 months.

PAYMENT METHODS *Please check one*

- Check Credit Card
- Visa or MasterCard

TOTAL DUE: \$ _____

Credit Card Information

Account Number: _____
Name on Card: _____
Expiration Date: _____ Security code _____
(on back of your card)

Billing address: _____
City, State, Zip: _____
Signature: _____

Make checks payable to and mail to:

ASM, P. O. Box 4856, East Lansing, MI 48823-4856
Fax Credit Card Information to: 517-337-4993

EHAP

(Electrical Hazards Awareness Program) helps you meet OSHA safety requirements.

Electricity is a serious and widespread hazard to the arborist. Electricity causes about 30 percent of the fatalities in the tree care industry, making it the leading cause of worker fatality. Furthermore, almost all arborists in the field have at least some exposure to this hazard. A street lamp circuit, a cable TV wire, even a phone line can be energized with enough voltage to kill. Indirect contact through a green tree branch or other conductive object is an ever-present threat. One doesn't have to touch a wire to be electrocuted, and about half of all electrocution fatalities are the result of indirect contact.

All arborists must be trained to recognize and avoid electrical hazards. Qualified line-clearance tree trimmers must have additional knowledge about electrical hazards and the special techniques used to work safely near electrical conductors.

AERIAL RESCUE WITH SUSPENSION TRAUMA WORKSHOP

Aerial Rescue Training is the next step in safety training after completing an EHAP Workshop (Electrical Hazards Awareness Program).

Aerial Rescue with Suspension Trauma Workshop is an intensive two (2) day hands-on workshop. You, your company or municipality employees will gain hands-on experience in realistic aerial rescue situations. These techniques can also be used to do a self-rescue or rescue a co-worker from a bucket truck.

March 10-11, 2010 at Dow Gardens Whiting
