

GRASSROOTS NETWORK

SIGN-UP UPDATE

Legislators listen to their constituents. Their primary responsibility as elected officials is to meet the needs of the citizens they represent. After all, **YOU** helped put them in office.

MTA's Legislative Liaisons maintain a constant presence with the Michigan Legislature. The liaisons meet with legislators, monitor committees, and stay a part of the action on a daily basis. But, MTA Legislative Liaisons are **MOST** effective when MTA members back them up at home by contacting their legislators directly.

When it is essential to contact legislators on an issue and "time is of the essence," the Grassroots Network is activated. A message will be sent to you through the method you indicate below and you will be requested to contact your legislator(s) with a concise message. Please remember to copy MTA with this message.
