MTA Welcomes Kingscott Associates, Inc. to the Keystone Club

LANSING—The **Kingscott Associates, Inc.**, based in Kalamazoo, has taken a place in the Keystone Club as part of the **Michigan Townships Association (MTA) Allied Service Provider** program. The \$2,000 investment by Kingscott Associates, Inc. will be used to improve the overall effectiveness of township government through more productive business practices, better education, and enhanced communications.

“MTA welcomes Kingscott Associates and the commitment they are making to Michigan townships,” said **Arlene Hill**, president of the Michigan Townships Association. “by becoming involved in the Allied Service Provider program, Kingscott Associates joins MTA in pursuit of strong, productive relationships between local government officials and the businesses that serve them.”

The Kingscott Associates, Inc. is a Michigan-based architectural and engineering firm with over 75 years experience, specializing in public projects. With offices located in Kalamazoo, Southfield and Chelsea, they offer architectural, engineering and interior design services, including mechanical, electrical, civil, and technology planning.

“We’ve been working with townships for many years through educational markets,” said **Heidi Pfannes**, business development representative. “As we expand our customer base to include more prime engineering, civil engineering and other public projects, our involvement with MTA is another way Kingscott can support and reach out to our expanded customers.”

MTA’s Allied Service Provider program has three levels of participation: President’s Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does *not* constitute or imply MTA’s endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association is the exclusive legislative and public advocate for Michigan’s 1,242 townships and is the foremost source of quality education and information for Michigan’s elected and appointed township officials. For more information about MTA’s Allied Service Provider program, visit www.michigantownships.org.
