Republic Waste Services of Michigan Becomes Newest Township Allied Service Provider

LANSING—**Republic Waste Services of Michigan**, which is headquartered in Wayne, recently joined the **Michigan Townships Association Allied Service Provider** program. As part of the *Keystone Club*, the \$2,000 investment by Republic Waste Services of Michigan will be used to improve the overall effectiveness of township government through more productive business practices, better education, and enhanced communications.

“On behalf of the MTA Board and staff, I am delighted to welcome Republic Waste Services of Michigan into the Allied Service Provider program,” said **Don R. Hilton, Sr.**, president of the Michigan Townships Association. “For many, many years, Republic Waste Services has been involved in providing an important service to businesses and township residents at various locations around the state. We appreciate their continued support and look forward to working together to provide innovative solutions to waste issues in Michigan.”

Republic Waste Services is a leading provider of environmentally sound and cost effective solid waste management services throughout the Michigan and the United States. The company provides waste disposal services for residential, municipal, commercial and industrial customers.

“We believe membership in the MTA Allied Service Provider Program provides a unique opportunity to support MTA while increasing our visibility among Michigan's township officials,” said Stephanie Glysson, director of governmental affairs for Republic Waste Services of Michigan.

MTA's Allied Service Provider program has three levels of participation: President's Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does *not* constitute or imply MTA's endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association is the exclusive legislative and public advocate for Michigan's 1,242 townships and is the foremost source of quality education and information for Michigan's elected and appointed township officials. For more information about MTA's Allied Service Provider program, visit www.michigantownships.org.
