Tyler Technologies/FundBalance Demonstrates Commitment to Michigan Townships

DELTA TOWNSHIP—The **Tyler Technologies/FundBalance Product Solutions**, with regional headquarters in Ann Arbor, has become part of the Keystone Club in the **Michigan Townships Association (MTA) Allied Service Provider**. As part of the *Keystone Club*, the \$2,000 investment by the Tyler Technologies will be used to improve the overall effectiveness of township government through more productive business practices, better education, and enhanced communications.

“We are proud and excited to have Tyler Technologies join the Keystone Club,” said **Colleen Schwartz**, president of the Michigan Townships Association. “MTA has had a long relationship with Tyler and it is with great enthusiasm that we welcome them aboard the Allied Service Provider program. It is our hope that both the company and our members will benefit from the affiliation.”

For many years, Tyler Technologies has marketed to townships through marketing opportunities provided by MTA. Tyler’s FundBalance software and services enable local governments—cities, counties, schools and other government entities—to become more efficient, more accessible, and more responsive to the needs of citizens.

MTA’s Allied Service Provider program has three levels of participation: President’s Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does *not* constitute or imply MTA’s endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association is the exclusive legislative and public advocate for Michigan’s 1,240 townships and is the foremost source of quality education and information for Michigan’s elected and appointed township officials. For more information about MTA’s Allied Service Provider program, visit www.michigantownships.org.
