Wade Trim joins the MTA Keystone Club

DELTA TOWNSHIP – Wade Trim – headquartered in Detroit – has joined the Keystone Club in the Michigan Townships Association (MTA) Allied Service Provider program. As part of the Keystone Club, the \$2,000 investment by Wade Trim will be used to improve the overall effectiveness of township government through more productive business practices, better education and enhanced communications.

“MTA’s professional development and education activities are a valuable resource for many of our clients,” said Andy McCune, PE, Executive Vice President of Wade Trim. “As municipal engineering and planning consultants, Wade Trim is proud to show our support as an Allied Service Provider.”

Wade Trim is an employee-owned firm consisting of 21 locations and over 350 staff members, with offices in Taylor, Gaylor and Bay City, Mich. Specializations include civil engineering, planning, surveying, operations, landscape architecture and environmental science services. Wade Trim, Inc. has consistently been ranked in the top 200 environmental firms and have recently expanded with offices in Indiana, Nebraska, Florida, North Carolina and Texas.

MTA’s Allied Service Provider program has three levels of participation: President’s Round Table (\$10,000), Leadership Circle (\$5,000), and Keystone Club (\$2,000). Although participation in the Allied Service Provider program does not constitute or imply MTA’s endorsement of a company, or its products or services, those enrolled in the program are expected to maintain good business practices and operate in an ethical manner.

The Michigan Townships Association promotes the interests of Michigan townships by fostering strong, vibrant communities; advocating legislation to meet 21st century challenges; developing knowledgeable, township officials and enthusiastic supporters of township government; and encouraging ethical practices of elected officials who uphold the traditions and unique characteristics of township government and the values of the people of Michigan.
